

National Cancer Intelligence Network and the UK Association of Cancer Registries

Annual Conference 2010

17-18 June 2010

Hilton Birmingham Metropole

This is the first joint conference of the National Cancer Intelligence Network (NCIN) and the UK Association of Cancer Registries (UKACR), bringing together researchers, epidemiologists, clinicians, charities, the NHS and associated organisations to showcase the vital work being undertaken within the registries and throughout the Network. The joint conference provides an opportunity to see how innovative uses of cancer data and information can be used to improve quality and choice for cancer patients, whilst providing an essential resource for research.

Approved for up to 11 hours of CPD credits by the Royal College of Physicians

To register for the conference please visit:
www.ncin.org.uk/conference

To submit an abstract please go to:
www.ncin.org.uk/conference
Abstract submission deadline: 7th April 2010

The National Cancer Intelligence Network was launched in June 2008 to bring together cancer registries, clinical champions, health service researchers and a range of interested parties under the auspices of the National Cancer Research Institute from across the UK. The NCIN is working to improve data collection and promote the use and effective sharing of data in order to improve outcomes.

The annual conference of the United Kingdom Association of Cancer Registries celebrates the quality and diversity of work produced within the UKACR in conjunction with the NHS and associated UK cancer organisations. The annual conference features invited guest speakers, proffered papers and a display of posters produced by registries.

Confirmed speakers include:

- Professor Sir Mike Richards
National Cancer Director for England
- Dr Harry Burns
Chief Medical Officer for Scotland
- Ciarán Devane
CEO, Macmillan Cancer Support
- Professor Rory Collins
CEO, Biobank UK
- John Coulthard
Director of Healthcare at Microsoft UK

Costs:

- **Full delegates:**
Includes accommodation for two nights, entry to both days of the conference and conference dinner

NHS, academic or voluntary sector: £300
Commercial organisations: £350
- **Day delegates:**
Includes entry to one day of the conference only (for accommodation options as a day delegate - see conference website)

NHS, academic or voluntary sector: £100
Commercial organisations: £150

We will be holding an exhibition throughout the conference. If you would like to exhibit at the Conference please contact marie@eventprouk.com.

Tackling Cancer Inequalities in an English Region

Dr Rashmi Shukla, Regional Director of Public Health/Medical Director, NHS West Midlands & Department of Health

Tackling Cancer Inequalities in Scotland

Dr Harry Burns, Chief Medical Officer for Scotland

Tackling Cancer Inequalities in Northern Ireland

Dr Anna Gavin, Director of the Northern Ireland Cancer Registry

Cancer Inequalities in Europe

Dr Andrea Micheli, Project Lead, European Cancer Health Indicator Project

Parallel Sessions 13:30 - 14:45

Innovations in cancer registration and data quality

Chair – Dr Gill Lawrence, Director of the West Midlands Cancer Intelligence Unit

Inequalities in cancer within the UK

Chair – Dr Tony Moran, Director of Intelligence and Research at the North West Cancer Intelligence Service

Innovations in data presentation and information dissemination

Chair – Dr Jem Rashbass, Director of the Eastern Cancer Registration & Information Centre

Multidisciplinary teams and their role in improving cancer outcomes

Chair – Di Riley, Associate Director of Clinical Outcomes, NCIN

Afternoon Session 15:00 - 17:00

Chair's welcome

Proffered paper presentations

Future developments in Cancer Registration

Chris Carrigan, National Coordinator for Cancer Registration in England & Head of the NCIN Coordinating Team

Poster Prizes and details of UKACR Conference 2011

Chris Carrigan, National Coordinator for Cancer Registration in England & Head of the NCIN Coordinating Team

Dr Julia Verne, Director of the South West Public Health Observatory
Professor Henrik Møller, Director of the Thames Cancer Registry

19:00 – Conference dinner with talk on “How old is cancer?”

Professor Rosalie David OBE

**Friday 18 June
Data Improving Outcomes**

Morning Session 09:00 - 11:15

Chair's welcome & introduction to morning session

Chair – David Ardron, Chair of the NCRI Consumer Liaison Group

Driving improvements through commissioning

Teresa Moss, Director, National Specialised Commissioning, NHS London

Impact of data on survivors

Ciarán Devane, Chief Executive, Macmillan Cancer Support

Biobank and linkage to cancer endpoints

Professor Rory Collins, Chief Executive of Biobank UK
